AGAINST ANTISEMITISM AND IN FRIENDSHIP SIDE BY SIDE WITH ISRAEL

Hamas' brutal terrorist attack on Israel on October 7, 2023 brought the memory of the Holocaust back to life in a terrifying way: Within hours, 1200 people were brutally murdered. Women, children and the elderly were mutilated, raped, tortured, burned alive in their homes or taken hostage to Gaza.

Since then, antisemitism has exploded worldwide: Hundreds of thousands of people have taken to the streets with a message of hatred towards Israel and its people. Synagogues and Jewish homes have been vandalized, and the State of Israel is in the dock at the International Criminal Court of Justice.

As Jewish people around the world feel threatened and left alone, the question is, will we remain silent? After all, indifference and silence have been the hallmarks of antisemitism and hatred of Jews for more than 2000 years. Now is the time to take a clear and unequivocal stand on behalf of the Jewish people and the State of Israel!

Therefore, on the occasion of the Jewish-Israeli Holocaust Remembrance Day Yom HaShoah in May and throughout 2024, we call for a March of Remembrance in every city, in every country.

**The global motto is:
Am Yisrael Chai - The People of Israel Live!**
